Thanks Greg, how hard will it be to get a list of Counties with a status of debris management. Contractor acquired? Date to begin?

Monica:

Each county is currently handling their own debris collection at this time. The USACE (ESF-3) has teams in the field for debris support, and they are prepared to ramp up their response if the counties ask for help. We are now on the distribution list to get USACE information on debris collection and will pass new information on as it is received.

What is the plan for locals to be collecting debris? What is the status of debris collection?
